INFORMATION**

Instructors and Class Descriptions

Tuesday Sept. 20th - 8:30am

Inspector Skills

.8 PPP

(1 day)

Patrick Vandergriff, ICC

This seminar addresses the necessary skills for success as an inspector - including effective communication, diplomacy and customer service. Also included - problem solving skills, professionalism, integrity, and time management. Developing these skills are essential in pursuing the goal of safe, healthy and durable buildings for the community. This class is for inspectors, office staff and permit techs.

Tuesday Sept. 20th - 8:30 pm

Commercial Plan Review & Inspection

.8 PPP

(1 day)

Gil Rossmiller, Shuma Coda

This class explains the process of conducting a plan review for small/medium sized commercial projects. It will cover the Building, Plumbing, Mechanical and Electrical requirements for commercial projects. It will provide students with formats, process and understanding of how to conduct a commercial plan review

Wednesday Sept. 21st - 8:30am

Fire Plan Review and Inspection

.4 PPP

(1/2 Day)

Craig Hanson, W3-C

This class explains the process of conducting a fire plan review for both residential and commercial projects and will include inspection techniques

Wednesday Sept. 21st - 8:30am

Whole House and Attic Ventilation

.4 PPP

(1/2 Day)

Dave Frelove, NEEA

This interactive session addresses code requirements, product selection and best practices for air sealing ceilings; the proper installation of attic ventilation and whole house ventilation techniques and issues.

Wednesday Sept. 21st - 8:30am

Existing Building Code

.8 PPP

(1 day)

Patrick Vandergriff, ICC

This class addresses the relationship of the IEBC to existing buildings, including the fundamental requirements on an existing structure that undergoes repair work, alteration, renovation activity or construction of an addition, and the effect of a change in the building's occupancy classification

Instructors and Class Descriptions

Wednesday Sept. 21st - 1:00pm

Energy Code Updates

.4 PPP

(1/2 Day)

Dave Freelove, NEEA

This class will cover the basics of each code, updates on language and rule changes and will also cover the current changes being proposed by DOPL

Thursday Sept. 22nd - 8:30am

Shear Walls

.2 PPP

(1/2 day)

**Shawn Reeder,
Performance Engineers**

(invited)

This class will cover everything from the basics to the latest technology concerning shear walls and brace panels

Thursday Sept. 22nd - 8:30am

Manufactured Housing Training

.2 or .4 PPP

(1/2 day)

**Mark Ferm,
Idaho Manufactured
Housing Association**

This course will educate and inform the manufactured housing installer inspector and installer on technical aspects of manufactured housing placement and set-up. Under state law inspectors and installers are required to have 8 hours in 3. Course will be a 2-hour refresher (significant changes) and cover various state laws that apply. Second 2 hours (full course) will address the details of the installation standards, tie downs and foundations and the do's and don'ts.

Thursday Sept. 22nd - 10:15am

Special Inspections

.2 PPP

(1/2 day)

Dave Cram, Atlas

This class will explore the circumstances in the building codes when a special inspector is required, their responsibilities and relationships to overall inspection of the building.
